Important notes:

1. If a student is granted credit for previous studies, it will reduce the number of courses (units) required in the selected degree program at ANU. Any credit received will impact upon the choice of courses available to students studying at ANU.
2. It is the responsibility of the student to check when specific courses are offered at the ANU and to change their program study plan accordingly. More details can be found here: programandcourses.anu.edu.au
3. It is strongly recommended that students attend Orientation Week or meet with an academic adviser to confirm their program study plan when commencing their studies at the ANU.
4. The above arrangements are correct as at June 2021 for a period of three years and are subject to change.
5. Students must achieve a GPA 3.2/4.0, where 2.0/4.0 is a pass, in order to be eligible for admission and up to one year of credit.
6. A minimum grade of GPA 2.75/4.0 or above is required per course for credit to be granted. If a student does not meet this entry requirement for a course, they will not receive credit for that particular course.
7. A maximum of **8 courses** or **48 units of credit** will be granted towards the ANU program.
8. Where more than one Nanyang course is equal to one or more ANU courses, students must take all courses specified in order to receive full credit.
9. Bachelor of Commerce students who choose the Accounting major (8 courses) and would like professional accreditation will need to meet with an academic advisor to plan their program in order to be able to meet the major and professional requirements within the two year program.
10. Each application for credit transfer will be assessed on an individual basis and the College will make the final decision.

* Note: This information is provided for your information only - you may not rely on it and must make your own enquiries about the rules that apply at the time you wish to make the credit transfer.

"I choose to study at CBE as I was impressed by its prestige and ranking, and my academic experience here has been amazing. The lecturers and tutors are all very helpful and I love the consultation systems they have here."
